Experience

Skill Quotient Group Sr. UI/UX Designer

Feb 2025 - Present

📍 Bengaluru

At Skill Quotient, I lead the user experience design for a wide range of digital products across web and mobile platforms-including cybersecurity platforms, billing systems, and enterprise applications. I create intuitive interfaces through wireframes, high-fidelity visuals, and interactive prototypes. I work closely with cross-functional teams-including product, development, marketing, and branding-to align user needs with business goals. My responsibilities also include maintaining scalable design systems, ensuring accessibility, and delivering consistent, engaging experiences that enhance both usability and brand identity.

Dalocal Technologies Design Head - User Experience Designer

Feb 2024 - Oct 2024

📍 Bengaluru

At Dalocal, I design secure digital identity solutions for web & mobile platforms, combining user-friendly experiences with the latest design trends and technologies to ensure both data protection and high-quality functionality.
